Interactive Experience

- Design Objectives:
 - Easily navigable
 - Consistent
 - Easily understandable
- Valuable to students who need to make a schedule for the next semester

The screenshot displays the Louisiana State University registration system interface. At the top, navigation tabs include 'Student', 'Registration', 'Select a Term', and 'Browse Classes'. The 'Browse Classes' section shows search results for 'Fall 2022' and 'Subject: Computer Science'. A table lists several classes, including 'Intro to Data Structures' (20105) and 'Adv Data Struct&Software Enr' (20149). A modal window titled 'Class Details for Intro to Data Struct&Shwr Dsgn Computer Science 260 010' is open, showing course details, prerequisites, and enrollment information. The prerequisites table lists courses like 'Computer Science 121' and 'Computer Science 150'. The enrollment section shows '4 of 40 seats remain' and a 'View Linked' button.

Class ID	Course	Section	Prerequisites
20105	CMPS 260 010	0	Intro to Data Struct&Shwr Dsgn
20106	CMPS 260 011	0	Intro to Data Struct&Shwr Dsgn
20107	CMPS 260 012	0	Intro to Data Struct&Shwr Dsgn
22203	CMPS 260 013	0	Intro to Data Struct&Shwr Dsgn
20149	CMPS 261 001	3	Adv Data Struct&Software Enr

Goals

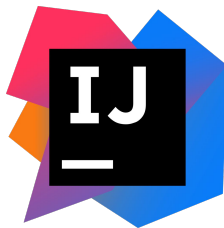

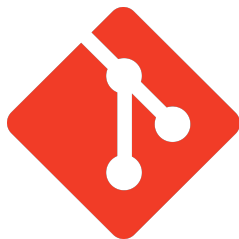

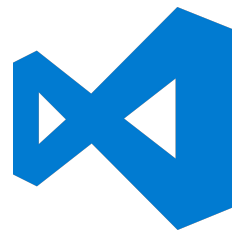

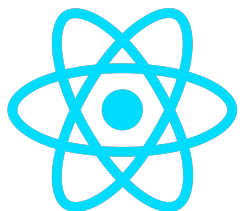

Goals

1. Interactive Table
2. Filter/Sort Menu
3. Schedule Modal
4. Search
5. Reworked Dropdowns/Querying
6. Responsiveness

Stretch Goals

1. Degree Audit
Integration(Pre/Co-Requisites)
2. Multiple Department Selection
3. More info/Syllabus Viewer

Resources

Beautifulsoup

Target Users

The target audience for our product are:

- Undergraduates
- Graduates
- Prospective LSU students

Plan

- Frontend
 - Table - 3 Weeks
 - Schedule Modal - 1 Week
 - Filter/Sort/Search Components - 2 Weeks
- Backend
 - Courses API - 3 Weeks
 - Hosting Application - 1 Week
